TO: Town of Yorkville Property Owners

You may have read in the last issue of the Town Newsletter about the Town of Yorkville developing a town wide Storm Water Utility. This is a project that the Town Board has been working on for a number of years and an advisory committee was established by the Town Board in the fall of 2010. Members of this committee include: an elected board member, a planning commission member and a mix of residential and agriculture land owners. The objective of this committee was to assist in the development of an ordinance, budget and associated user fee to address major storm water drainage in the Town of Yorkville.

You may have some questions concerning this and as a result we have scheduled two informational meetings prior to the public hearing which is scheduled for July 11 at 6:00 p.m. in the Town Board Room.

The first information meeting will be held on Wednesday, May 25 at 7:00 p.m. in the 1st floor Community Room. The second informational meeting will be held on Thursday, June 16 at 7:00 p.m. in the Town Board room. All of these meetings will be in the Union Grove Municipal Building located at 925 15th Avenue, Union Grove.
